PROFESSIONAL SUMMARY

Dedicated and motivated second-year Software Engineering undergraduate with a strong academic record. Currently building a strong foundation in Data Structures & Algorithms to strengthen problem-solving and software development skills. Experienced in developing small-scale projects using Python, C++, C# and Object-Oriented Programming (OOP). Seeking internship opportunities to gain practical experience and enhance technical skills.

WORK EXPERIENCE

AI Intern

07/2026 – 08/2026

FlyRank AI

Remote

- Developed an understanding of Minimum Viable Product (MVP) concepts and applied them to practical projects.
- Designed and developed a personal AI portfolio website to showcase projects, skills and professional experience.
- Gained hands-on experience with AI workflows, agent concepts, and AI-assisted development through structured internship assignments.

EDUCATION

Bachelor in Software Engineering

07/2025 – 07/2029

NED University of Engineering & Technology

Karachi

CGPA: 3.85/4.00

TECHNICAL SKILLS

Concepts

Object-Oriented Programming, Data Structures and Algorithms

Databases

SQL, Microsoft Access, And MySQL

Microsoft Office

Microsoft Word, Microsoft Excel

PROJECTS

Student Result Management System

Developed a student result management system using Python to manage student records by entering, updating and storing data.

Color Sight Pro - Color Blind Simulator

- Designed a color blind simulator project using C# to simulate different types of color blindness and strengthened understanding of C# programming.
- Used object-oriented programming concepts and Windows Forms for the user interface.

ACHIEVEMENTS & CERTIFICATES

- Participated in CodeSphere 2.0 and ProBattle'26 held at NED University and IBA University, respectively and successfully completed 30-day LeetCode coding challenge, gaining experience in competitive programming while strengthening problem-solving skills and coding consistency.
- Attended workshops on Malware Analysis and Generative AI, gaining foundational knowledge in cybersecurity and AI domains.
- Participated in Google AI Professional Course from Coursera, gaining knowledge in AI Fundamentals, data analysis and content creation.
- Completed AI Fundamentals & Claude Cowork courses from anthropic academy as a part of my FlyRank AI Internship.
